

*Mike / Marcus,
Where would I be
without you guys? Probably
the unemployment line.
Thanks for all the great
years of business.

As 2008 ends and we are faced with never foreseen challenges in 2009, we feel it's appropriate that we remember to thank our very best paying customers. Like you, we spend an enormous amount of time and resources chasing payments month after month. In that process we forget to thank the best of the best, customers who pride themselves on continually paying their bills on time. So- THANK YOU for your prompt payment record in 2008! Also- THANK YOU for your loyalty and business. Together we will get through this rough patch and thrive as business partners. Lastly, we don't say it enough, but we are grateful to have such great customers like you.

"Next to excellence is the appreciation of it."
