Chip Ware
McPhee Electric Ltd.
505 Main Street
Farmington, CT 06032

Chip:

The Westfarms Mall Renovation Project is coming to its final weeks. Before long, we will all be off to new projects. I wanted to take this time and personally thank you and your staff, specifically Alan Bacchiuchi, for all your efforts in helping to make this a successful project. Every time we called on McPhee Electric to complete/help on an area of the project your men, and company answered the call. If all subcontractors responded the way your company and manpower did, it would make for an enjoyable business to work in. Unfortunately, that's not always the case. Please share this with all the men that worked on this project, and tell them Skanska USA, and the staff for Skanska Westfarms thanks them for a job well done!

May you have a safe and happy holiday season, and continued success in the New Year.

Thanks,

Scott A Davis
